Summary

I am a passionate and driven full-stack developer pursuing a Bachelor of Technology in Computer Science. With a strong foundation in technologies like Node.js, React, and MongoDB, I have developed real-time applications, e-commerce platforms, and user-friendly note-taking apps. I excel in problem-solving and thrive in collaborative environments, always eager to learn and innovate.

Skills

HTML • CSS • JavaScript (ES6+) • React.js • Redux • React Router • Responsive Design • Cross-Browser Compatibility • Code Quality • Communication • Collaboration • Web Application Development • Algorithms • Data Structures • REST APIs • Express.js • Git • GitHub • Git Bash • Node.js • MongoDB • Socketio • Stripe • TypeScript • APIs • Bash • CI/CD • Vue.js

Projects

Messaging App

A real-time messaging application that allows users to send and receive messages instantly.

- User Authentication: Secure access for users.
- Real-time Messaging: Instant messaging with a 99% uptime.
- Online Status Indicator: Displays whether users are online or offline.
- Message Timestamps: Each message includes a timestamp for tracking conversations.
- Message History Storage: Maintains history for 100+ active users.

E-commerce Website

An online shopping platform designed for a seamless user experience.

- Dynamic Product Listings: Real-time updates on product availability.
- User Authentication: Supports 500+ registered users for secure access.
- Stripe Payment Integration: Enables secure online transactions.
- Automated Invoice Generation: Produces invoices for over 200 transactions.

Keeper App

A note-taking application designed for efficiency.

- User-Friendly Interface: Allows users to create, edit, and delete up to 100 notes seamlessly.
- Local Storage Utilization: Saves over 100 notes for offline access.

Spotify Clone

A clone of the popular music streaming platform.

- User Authentication: Provides quick access to 50+ curated playlists for registered users.
- Responsive Design: Optimized for 10+ device types for an enhanced user experience.

Education

Tkr College of Engineeering	India
Bachelor of Technology (B.Tech) in Computer Science	
St. Mary's Junior College	India
Intermediate Percentage: 98.8 / 100	
Shree Swaminarayan Gurukul International School	India
Schooling Percentage: 95.4 / 100	

MY PASSIONS

-  I am passionate about developing a wide range of skills through minimalism.
-  I love to invest my time in fitness.
